SPIIL Stakeholder Forum Notice

The Statewide Independent Living Council of Kansas (SILCK) and the Centers for Independent Living (CIL) in Kansas are holding stakeholder forums in 2 cities to gain information on goals and issues regarding Independent Living for Kansans with disabilities. The SILCK and the CILs plan to use grassroots input to help write the next State Plan for Independent Living (SPIIL). Independent living demands consumer empowerment, control, equal access, and integration. We hope that by hearing from the people first, we can better reflect what the needs are of the people with disabilities and come up with an effective plan to truly make Kansas an inclusive community.

Please join us for open discussion in the following cities:

- **Tuesday November 27, 2018 10am to 12pm**
Independent Living Resource Center
